INTRODUCTION AND COMPANY DETAILS

Introduction

Mideco is a contracting firm operating in the state of Qatar. The firm is specialized in the execution and completion of civil contracts of infrastructure type.

We pride ourselves on satisfying our clients' needs by executing projects to high standards and delivering them on time.

Corporate Overview

Founded in 2006, Mideco intends to deliver services to government, public and private sectors in heavy civil construction, earth, water, sewerage, drainage and tunnel works.

In 2015, Mideco joined the Salam International Investment Limited (SIIL)'s subsidiaries when ITC, a company wholly owned by SIIL, became 70% shareholder in Mideco.

Mideco builds its reputation based on transparency, trust and integrity.

Our Approach

We add value to every project by combining our technical knowledge and construction management expertise. We are committed to safety and quality, and we respond creatively to project challenges.

Our Employees

Mideco employs only the most qualified candidates, with a current workforce of over 180 employees, all with specialized discipline and required skills.

Our Fleet

Our fleet is continuously growing to comply with all necessary equipment for the execution and completion of projects.
